## EXPERIENCE

### Software Engineer, Contract @BestBuy RBA Consulting

06/2021 - Present

Digital Consulting Company

*Achievements/Tasks*

- Built reusable components embedded across the BestBuy mobile application using TypeScript, React Native, and GraphQL libraries
- Developed the BestBuy mobile application's New Member Onboarding experience auto launch capability which contributed in the increased of views and engagement by up to 56% setting new records in a single week
- As the Front-end development lead of a group of 4 or more engineers and QAs, I drove multiple BestBuy mobile app projects to production – New Member Onboarding experience, Member Rewards Offer carousel, and Member Picks experience
- Mentored a junior engineer, onboarded new engineers, and actively transferred knowledge to my team

Contact : Brent.jacquemart - [brent.jacquemart@rbaconsulting.com](mailto:brent.jacquemart@rbaconsulting.com)

### Freelance Web Developer Self-employed

09/2018 - Present

*Achievements/Tasks*

- Increased Twin Cities Recreational average sale leads generated from the website from 0 to 10 per month for the last 12 months
- Build web pages and application using modern isomorphic JavaScript technologies using React/Redux and Bootstrap 4 on the frontend integrated with a RESTful API backend built with Node and MongoDB
- Design and create creative projects such as brand logo, store signs, product pictures, advertising banners, and copy writing

## PROJECTS

### Financial Management Web Application (09/2020 - Present)

- Designed and developed a single page application that requires high user interaction and elements such as forms and modals using React JS library
- Keep code base maintainable using React hooks and Material UI Component Library
- Tested source code with unit and E2E integration tests
- Built Continuous Integration pipeline using Github Actions

### e-Commerce Site and Admin Panel Prototype (09/2019 - 07/2021)

- Developed, published to Github, presented project to local web developer community, and use it as a framework for my current freelance client's website - TcRecretaional.com
- Created 4 essential eCommerce site features which includes Product listing, Shopping List, Guest Cart Checkout, and Product management via Admin Panel

## EDUCATION

### AS in Computer Science with Honors Normandale College

09/2016 - 08/2017
